Corporate Events

Sneaky Dog Escapes - Southampton's First Mixed Media Escape Room Venue

Rated 5 stars on Tripadvisor, Google and Facebook and just a stone's throw from the city centre, we offer an exciting, next generation approach to escape room adventures.

Catering for groups as small as 2, up to very large groups, we offer a range of different packages tailored to suit your individual needs.

Brilliant!

I'm not easily impressed but this place is well worth a visit...Highly recommend

Sneaky Dog Escapes...

Stuart - Tripadvisor Feb 2020

What sets us apart from other escape room venues?

We embrace the future! Virtual Reality allows us to do much more than just lock you in a room. We take you on adventures!

We use the best software, top of the line VR equipment and well trained operatives to deliver games much larger and more compelling than physically limited escape rooms.

Just a few of our Virtual Reality Adventures

Stop the space station plummeting to earth, or we're all toast...

A bio weapon hidden in the city, neutralise it, or were all toast...

It's 2257, steal the code to immortality, or we're all toast...

A land of floating islands and jungle beasts. No toast...

You have to check this place out!

This was an excellent experience... the games are fun and completely immersive...would strongly recommend!

Bob H - Tripadvisor Feb 2020

The Pressure Cooker

Can your team keep the lid on in these intense VR games? What's our favourite recipe for a bubbling pot of laughter? Ingredients :1 VR headset, 2-4 team members, 1 bomb, 1 bomb defusing manual.

Method: Take one team member and add the VR headset, then add the bomb. Separate the manual amongst remaining team members. Set timer for 5 minutes, add confusion, turn up the heat, stir vigorously and bring to the boil...

Defusing a bomb when you can't see the manual is easier said than done.

Defending a tree from a pack of remotely controlled squirrels shouldn't be this hard.

Surviving just 4 minutes as a secret agent sounds simple, but is it...

The pressure cooker is our take on communication, where the fun comes first and the insights follow...

This was a great change of pace and fun twist on an escape room. There are loads of challenges that a normal escape room can't offer.

I would massively advocate this to anyone
